WHY THIS FUND

1

Income Diversification

Provides a differentiated income stream via put option premiums to complement traditional income portfolios.

How Does Cash Secured Put Selling Generate Income?

Put Option Premiums: Premiums a put seller collects from selling put options

+

Short-term Cash Yield: Cash pledged as collateral against puts sold are invested in short-term money market securities

=

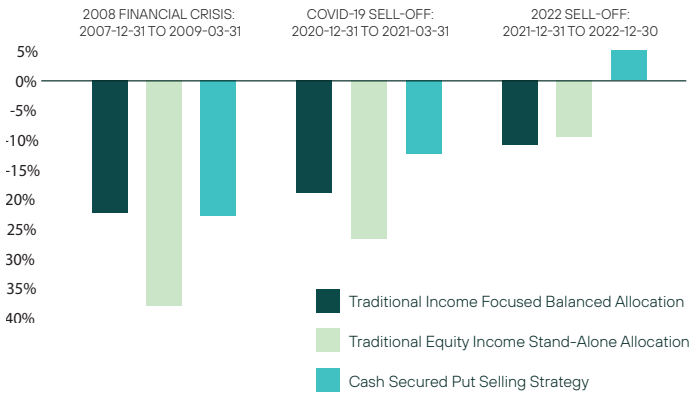
Total Potential Income

2

Defensive Equity Income Strategy

Put selling strategies are generally uncorrelated with equity markets, providing higher potential for positive risk adjusted returns in periods of poor market performance.

Put Selling Strategies in Challenging Markets



For illustrative purposes only and is not indicative of future performance. Subject to change without notice. Source: Bloomberg and Ninepoint calculations, quarterly rebalancing using quarterly return data 2007-06-29 to 2022-12-30.

3

Active Risk Management

Ability to manage risk and index exposures to achieve investment goals.

FUND OBJECTIVE

The investment objective of the Ninepoint Target Income Fund is to seek to provide unitholders with stable, monthly distributions and lower volatility than a direct investment in the broad equity markets by investing primarily in a diversified portfolio of equity index based investments that generates income and using derivatives strategies to moderate the market volatility of those investments.

NOTES

Ninepoint Target Income Fund

ninepoint.com

[1]All returns and fund details are a) based on Series F shares; b) net of fees; c) annualized if period is greater than one year; d) as at October 31, 2026.

Where applicable, all figures are annualized and based on monthly returns since inception. Risk-free rate and minimum acceptable rate calculated using rolling 90-day CDN T-bill rate. The rate of return or mathematical table shown is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the mutual fund or returns on investment in the mutual fund. Top ten holdings and sector allocation as at October 31, 2026. Top ten holdings based on % of net asset value. Sector allocation based on % of net asset value. Numbers may not add up due to rounding. Cash and cash equivalents include non-portfolio assets and/or liabilities.

The rate of return is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the investment fund or returns on investment in the investment fund.

The monthly distribution amount may be adjusted by the Manager without notice throughout the year as market conditions change. Monthly distributions will be comprised of net income, net realized capital gains and/or return of capital. Any net income and/or net realized capital gains earned by the Fund in excess of the monthly distribution will be distributed to unitholders annually in December.

The Fund is generally exposed to the following risks: capital depletion risk; concentration risk; currency risk; cybersecurity risk; derivatives risk; foreign investment risk; inflation risk; interest rate risk; liquidity risk; market risk; securities lending, repurchase and reverse repurchase transactions risk; series risk; short selling risk; substantial securityholder risk; tax risk. Additional risks associated with an investment in ETF Series securities of this Fund include: absence of an active market for ETF Series risk; halted trading of ETF Series risk; trading price of ETF Series risk.

Ninepoint Partners LP is the investment manager to the Ninepoint Funds (collectively, the "Funds"). Commissions, trailing commissions, management fees, performance fees (if any), and other expenses all may be associated with investing in the Funds. Please read the prospectus carefully before investing. The indicated rate of return for Series F shares of the Fund for the period ended October 31, 2026 is based on the historical annual compounded total return including changes in share value and reinvestment of all distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance may not be repeated. The information contained herein does not constitute an offer or solicitation by anyone in the United States or in any other jurisdiction in which such an offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation. Prospective investors who are not a resident in Canada should contact their financial advisor to determine whether securities of the Fund may be lawfully sold in their jurisdiction.
