## WHY INVEST IN NINEPOINT SILVER EQUITIES CLASS

- Silver equities provide leverage to increasing silver bullion prices;
- We consider silver equities to be growth stocks in an environment where few other sectors are growing earnings;
- The Fund is an ideal complement to bullion for investors interested in silver; exposure to both equities and bullion can provide better risk-adjusted returns over the long-term;
- Ninepoint's access to investment opportunities: relationships with hundreds of precious metals companies, located in Toronto, the mining financing capital of the world;
- Ninepoint's depth of experience: Ninepoint has been an active investor in precious metals equities since 2000;
- As part of Ninepoint Corporate Class Inc., the Fund offers the flexibility of switching to other share classes on a tax-deferred basis.
