## WHY THIS FUND

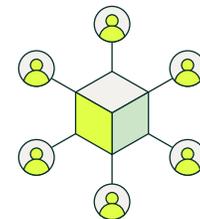

### 1 Active Allocations

Not another static model portfolio. The fund is actively managed and tactically rebalanced to adapt as markets change. Its dynamic, multi-layered approach adjusts allocations across and within asset classes to capture opportunities and manage risk through market cycles.

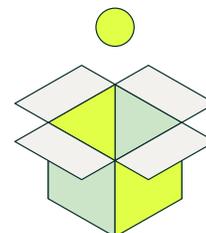

### 2 Expert Access

Gain access to a team of specialist portfolio managers with deep expertise across equities, fixed income, real assets, and alternatives. Portfolio managers are supported by a proprietary risk and analytics platform designed to identify risks, stress test portfolios, and inform tactical allocation decisions.

### 3 Access to Unique Opportunities

Unlock access to a broader range of investments than traditional balanced funds. In addition to actively managed equities and fixed income, the portfolio includes real assets and liquid alternatives, expanding diversification, enhancing resilience, and providing new potential sources of return across different market environments.

<sup>1</sup>All returns and fund details are a) based on Series SF units; b) net of fees; c) annualized if period is greater than one year; d) as at February 28, 2026.

Where applicable, all figures are annualized and based on monthly returns since inception. Risk-free rate and minimum acceptable rate calculated using rolling 90-day CDN T-bill rate. The rate of return or mathematical table shown is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the mutual fund or returns on investment in the mutual fund. Top ten holdings, sector allocation and geographic allocation as at February 28, 2026. Top ten holdings based on % of net asset value. Sector allocation based on % of net asset value. Geographic allocation based on % of net asset value and excludes cash. Numbers may not add up due to rounding. Cash and cash equivalents include non-portfolio assets and/or liabilities.

The rate of return is used only to illustrate the effects of the compound growth rate and is not intended to reflect future values of the investment fund or returns on investment in the investment fund.

The monthly distribution amount may be adjusted by the Manager without notice throughout the year as market conditions change. Monthly distributions will be comprised of net income, net realized capital gains and/or return of capital. Any net income and/or net realized capital gains earned by the Fund in excess of the monthly distribution will be distributed to unitholders annually in December.
