WHY THIS FUND

1

Trade on Global Trends

A highly liquid way to take advantage of global macroeconomic and financial trends.

2

True Diversifier

Historically, similar strategies have exhibited a low correlation to other major assets classes.

3

Systematic

Statistical, model-based approach that combines new and historical data to predict future currency movements.

4

Adaptive

Actual returns are compared to forecast returns at the end of each trading day to determine, for the next day, the appropriate weight of each factor used in the model.
