WHY THIS FUND

Experienced Portfolio Manager with High Conviction

Sam Mitter brings over 25 years of experience in the investment industry and a well-established career managing **high-conviction growth-oriented** portfolios across US and global markets. Now at Ninepoint, he's applying the same disciplined investment approach.

Built from First Principles

Each holding must earn its place in the portfolio on a daily basis
- Zero assumptions, no inherited positions, no legacy bias.

Dynamic, Data-Driven Selection

Holdings reflect today's opportunities rather than past trends.

Flexibility and Agility

Designed to pivot quickly as new trends emerge.

Capturing Global Innovation

Holdings are chosen to represent an evolving, global innovation landscape.

All-Cap Universe

Emphasizing global mid-cap innovators and niche high-potential names that most managers overlook.

**Delivering the best ideas
from around the globe...**

...in one convenient product.

Go Beyond the Benchmark to Capture Emerging Leaders

Global indices are dominated by mega-caps, leaving little exposure to the next generation of growth leaders. Ninepoint leverages top-down thematic views and bottom-up analysis to uncover innovative companies earlier in their growth cycle and builds a best ideas concentrated portfolio of approximately 30–40 growth-oriented investments.

3 Enhance the Canadian 60/40

Global equities enhance diversification in a balanced portfolio and may improve risk-adjusted returns by reducing home-country concentration.
