Ninepoint Partners

^{**}As the Fund invests in a portfolio of other investment funds with varied management fee rates, the resulting weighted management fee borne by the Fund is a combination of direct and indirect management fees. Direct management fees arise when the Fund invests in a non-management fee bearing class of another investment fund, and the value of such assets are included in the Fund's own management fee calculation. Indirect management fees arise when the Fund invest in a management fee bearing class of another investment fund, and the value of such assets are excluded from a Fund's own management fee calculation. The Fund will not pay a management fee to the Manager that to a reasonable person would duplicate a fee payable to the Manager, by a portfolio of funds for the same service.

^{*}Redemption requests in excess of the limit will be cancelled and may be resubmitted for payment on the following Redemption Date, unless a Unitholder requests to receive Redemption Notes for the cancelled portion of the redemption request. Please see OM for more details. The Manager expects to set the redemption cap as of December 31, 2025 to 2.5% of the September 30, 2025 NAV.
